The Society hosts a range of social events, formal/informal get-togethers at literary themed value. We introduce broadened development that helps, the students academically & also evaluates reading skills and motivates them to participate in discussions.

Aims and objectives

In English Literary Society students are given opportunities to participate in writing contests, article writing and in poetry contests. The purpose of this society is to assist aspiring writers in channelizing their potentials in the right direction providing a path to help them better understand their capabilities.

We sponsor the lighthearted meetings on a weekly basis in order to promote mingling and socializing amongst members which will prove to be a fail-safe method for everyone to explore the reservoirs from which their skills originate.

The ultimate goal of this society is to help its members in producing their own literary works, so that individually every one of them might spread the timeless message of how the usage of one modest and often underestimated pen is significant in today's constantly evolving world long after this society dissolution.
