

Chand Bagh College

## SCIENCE & IT CLUB

The very purpose of this club is to raise awareness amongst students in scientific thinking process, and to understand the significance of developing a rational attitude.

This club will not only indicate the interest of students in science, but will equip and motivate them to apply scientific knowledge in their every day life. Aims to organize , seminars, workshops and certification etc.

### Aims and objectives

Society of Science & IT Club aims to emerge as a comprehensive departmental student society responsive to technological change.

Science & IT Club will continue to surpass a tradition of distinguished teaching, research and innovation through evolving undergraduate & postgraduate level programs of study in coordination and collaboration with renowned institutes of country.

Besides traditional fields of computer science disciplines, society would urge eagerly to hold informative seminars, workshops off and on.

Society continuously remains in contact with donors, market and business sponsors, alumni and partners for contributing to make us realize the dream of creating a par excellence society of lyceum.
